- g) duties, taxes and charges, including VAT, paid and not recoverable by the Beneficiary(ies), unless otherwise provided in the Special Conditions;
- h) overheads, in the case of an operating grant.

Simplified cost options

14.3. In accordance with the detailed provisions in Annex III, eligible costs may also be constituted by any or a combination of the following cost options:

- a) unit costs;
- b) lump sums;
- c) flat-rate financing.

14.4. The methods used by the Beneficiary(ies) to determine unit costs, lump sums or flat-rates shall be clearly described and substantiated in Annex III and shall ensure compliance with the no-profit rule and shall avoid double funding of costs. The information used can be based on the Beneficiary(ies)'s historical and/or actual accounting and cost accounting data or on external information where available and appropriate.

Costs declared under simplified cost options shall satisfy the eligibility criteria set out in Article 14.1 and 14.2. They do not need to be backed by accounting or supporting documents, save those necessary to demonstrate the fulfillment of the conditions for reimbursement established in Annex I and III.

These costs may not include ineligible costs as referred to in Article 14.9 or costs already declared under another costs item or heading of the budget of this Contract.

The amounts or rates of unit costs, lump sums or flat-rates set out in Annex III may not be amended unilaterally and may not be challenged by ex post verifications.

14.5. The total amount of financing that may be awarded on the basis of simplified cost options may not exceed EUR 60 000 per each Beneficiary, unless otherwise provided for in the Special Conditions.

Contingency reserve

14.6. A reserve for contingencies and/or possible fluctuations in exchange rates not exceeding 5 % of the direct eligible costs may be included in the budget for the Action, to allow for

adjustments necessary in the light of unforeseeable changes of circumstances on the ground. It can be used only with the prior written authorization of Expertise France , upon duly justified request by the Coordinator.

Indirect costs

- 14.7. The indirect costs for the Action are those eligible costs which may not be identified as specific costs directly linked to the implementation of the Action and may not be booked to it directly according to the conditions of eligibility in Article 14.1. However, they are incurred by the Beneficiary(ies) in connection with the eligible direct costs for the Action. They may not include ineligible costs as referred to in Article 14.9 or costs already declared under another costs item or heading of the budget of this Contract.

A fixed percentage of the total amount of direct eligible costs of the Action not exceeding the percentage laid down in Article 3 of the Special Conditions may be claimed to cover indirect costs for the Action. Flat-rate funding in respect of indirect costs does not need to be supported by accounting documents. This amount shall not be taken into account with regard to the maximum amount of simplified cost options.

Indirect costs shall not be eligible under a grant for an action awarded to a Beneficiary who already receives an operating grant financed from the European Union budget during the period in question.

This Article 14.7 does not apply in the case of an operating grant.

In kind contributions

- 14.8. Any contributions in kind, which shall be listed separately in Annex III, do not represent actual expenditure and are not eligible costs. Unless otherwise specified in the Special Conditions, contributions in kind may not be treated as co-financing by the Beneficiary(ies).

If contributions in kind are accepted as co-financing, the Beneficiary(ies) shall ensure they comply with national tax and social security rules.

Notwithstanding the above, if the Description of the Action provides for contributions in kind, such contributions have to be provided.

Non-eligible costs

- 14.9. The following costs shall not be considered eligible:
- a) debts and debt service charges (interest);
 - b) provisions for losses, debts or potential future liabilities;

- e) credits to third parties, unless otherwise specified in the Special Conditions
- f) in kind contributions

Affiliated entities

- 14.10. Where the Special Conditions contain a provision on entities affiliated to a Beneficiary, costs incurred by such entity may be eligible, provided that they satisfy the same conditions under Articles 14 and 16, and that the Beneficiary ensures that Articles 3, 4, 5, 6, 8, 10 and 16 are also applicable to the entity.

- the Coordinator may submit a request for further pre-financing payment before the end of the reporting period, when the part of the expenditure actually incurred which is financed by Expertise France is more than 70 % of the previous payment (and 100 % of any previous payments). In this case, the following reporting period starts anew from the end date of the period covered by this payment request;

The time-limit starts running again on the date on which a correctly formulated request for payment is recorded. The Coordinator shall provide any requested information, clarification or document within 30 days of the request.

If, notwithstanding the information, clarification or document provided by the Coordinator, the payment request is still inadmissible, or if the award procedure or the implementation of the grant proves to have been subject to substantial errors, irregularities, fraud, or breach of obligations, then Expertise France may refuse to proceed further with payments and may, in the cases foreseen in Article 12, terminate accordingly this Contract.

In addition, Expertise France may also suspend payments as a precautionary measure without prior notice, prior to, or instead of, terminating this Contract as provided for in Article 12.

The final report shall in all cases include a detailed breakdown of expenditure covering the whole Action.

Where the Coordinator is a government department or a public body, Expertise France may accept to substitute the expenditure verification with a detailed breakdown of expenditure.

The expenditure verification report shall not be provided by the Coordinator if the verification is directly done by Expertise France according to Article of 5.2 of the Special Conditions.

- 15.8. If the grant exceeds EUR 60000 Expertise France may request a financial guarantee for the amount of the initial pre-financing payment.
