- 4. Why joining the Network?**
- 5. What will the specific contracts be about?**
- 6. Where to find additional information?**

1 - What is the Green Overseas Expertise Network?

A pool of service providers in support of the Overseas Countries and Territories

Both individual experts and legal entities will be part of the pool

The "Green Overseas Expertise Network" brings together service providers **specialised in energy transition and climate change resilience in the Overseas Countries and Territories.**

Main objectives:

- ✓ **Rapidly mobilise appropriate technical expertise** to support beneficiary countries and territories;
- ✓ **Promote local expertise.**

2 - How to join the Network?

Interested service providers must apply via PLACE

- **The consultation folder is available on PLACE**, the French public procurement platform (reference "2022/S 205-585112"), via the following link :
<https://www.marches-publics.gouv.fr/?page=Entreprise.EntrepriseAdvancedSearch&AllCons&id=2116282&orgAcronyme=s2d>
- Applicants must register on PLACE, download the consultation folder, and upload the completed forms and requested documents on PLACE.
- All questions and requests for additional information must be addressed through PLACE.
- A tutorial detailing the application process on PLACE is available on the Green Overseas website.

3 - What are the conditions to access the Network?

Eligible applicants will be referenced on the Network

- Applications are assessed against the **eligibility criteria** set out in the public tender notice published in the **Official Journal of the EU** (reference "2022/S 205-585112"), which is available at:
<https://ted.europa.eu/udl?uri=TED:NOTICE:585112-2022:TEXT:EN:HTML&src=0>
- The initial referral period ends on January 20th, 2023; further referrals will be made throughout the duration of the Network.
- Applicants will be notified of their admission to the Network electronically.

Focus on eligibility criteria

ADMINISTRATIVE ADMISSIBILITY

- ✓ Proof of registration on a **professional register** (“Kbis” for companies established in France or an equivalent document)
- ✓ Proof of fulfilment of **tax and social security obligations**
- ✓ **Declaration of honour** (absence of conflict of interest)

TECHNICAL ASSESSMENT

- ✓ **CV** (individual experts) or **References** (legal entities)
- ✓ Fluency in **French or English**
- ✓ Experience and expertise in one or more of the following areas (on climate change resilience and/or energy transition):

Capacity building

Training technical assistance...

Knowledge Development

Study, workshop...

Awareness and advocacy

Awareness-raising campaign, communication tool...

Innovative solutions

Pilot project...

4 - Why joining the Network?

Tender for specific contracts, as part of the GO Programme

- **Only referenced providers will be able to tender for specific contracts, as part of the GO Programme.** If an operator not previously referenced wishes to bid, it must first be referenced on PLACE.
- The selection criteria will be defined in each specific call for tender. Expertise France, after a competitive bidding process within the Network, will select a provider (or a consortium of providers) to execute the contract.
- The calls for tender will be launched via PLACE and referenced candidates will be invited to bid electronically.

5 - What will the specific contracts be about?

Based on requests from the beneficiary countries and territories

| | |
|---------------------------|---|
| THEMATICS | Energy transition : Public policies and regulations; Renewable energy ; Energy efficient buildings and appliances ; Mobility Resilience to climate change: Public policies and regulations; Coastal management ; Freshwater resource management ; Food systems |
| Indicative AMOUNTS | Between EUR 50 000 and EUR 300 000 per contract. Between 20 and 40 contracts in total. |
| TIMELINE | Duration of a specific contract = max. 24 months Implementation shall be over by July 31th, 2025 at the latest |
| EXAMPLES | Support for the development of action plans, awareness campaigns, regulations, conducting technical studies ... Organization and conduct of training and workshops ... |

6 - Where to find additional information?

For more information on the Green Overseas Program,
please visit our website at
<https://green-overseas.org/>

For more information on the Green Overseas Expertise Network,
you can consult the "Collaborate with us" section of the website.

There, you will find this presentation, as well as a **video** presentation
and a **tutorial** on the registration and application process on PLACE.
